

ACCREDITATION REPORT:

THE UNIVERSITY OF CANTERBURY'S POSTGRADUATE DIPLOMA IN CHILD AND FAMILY PSYCHOLOGY [PGDipChFamPsyc]

Introduction:

It is a function of the New Zealand Psychologists Board to prescribe the qualifications required for scopes of practice within the profession, and, for that purpose, to accredit and monitor educational institutions and degrees, courses of studies, or programmes [refer s 118(a) of the Health Practitioners Competence Assurance Act 2003]. On 2 November 2011 the Board delegated its powers under section 118(a) of the Act to accredit educational institutions and degrees, courses of studies, or programmes to the Accreditation Committee. Applications for accreditation are assessed with reference to the relevant sections of the Board's prescribed *Standards and Procedures for the Accreditation of Qualifications Leading to Registration as a Psychologist in New Zealand* document (current version).

Date of Application:

The University of Canterbury lodged an application for accreditation of their Postgraduate Diploma in Child and Family Psychology [PGDipChFamPsyc] on 30 August 2011.

Dates of Site Visit:

The site visit was conducted by the appointed Assessment Team on 26 & 27 March 2012.

Date of Decision:

18 December 2012.

Decision:

The Accreditation Committee has declined accreditation of the University of Canterbury's PGDipChFamPsyc course of study in reference to the Clinical Psychologist scope of practice. It has however granted accreditation in reference to the Psychologist scope of practice for an initial period of two years, but extendable to 7 years conditional on their first routine monitoring report confirming that the following requirements have been satisfactorily addressed;

- That an Advisory Committee has been established.
- That a Curriculum Committee is meeting regularly.
- That a structure for direct student representation to the course of study has been established.
- That cultural competency and reflective practice processes (as presented to the Assessment Team) have been integrated into case study and internship portfolio work.
- That adequate administrative support to the course of study has been established.

Accreditation current until:

18 December 2014.¹

On behalf of the Accreditation Committee,

Steve Osborne, Committee Chair

18 December 2012

Update:

At its meeting on 16th & 17th December 2020 the Board resolved to extend the accreditation of the Postgraduate Diploma in Child & Family Psychology training programme delivered by the University of Canterbury until 9th June 2021.

This will allow the Board to ensure a full accreditation process has been completed and that in the meantime the training programme is still accredited in order to continuing teaching the interns.

On behalf of the Board,

Kylie Hooper
General Manager/Registrar

15 February 2021

¹ It should be noted that the Board reserves the right to revisit a course granted accreditation subject to periodic reporting requirements.
